

2022 ***Women
Build***

Up. Forward. Together.

2022 *Women Build*

Women Build is Habitat for Humanity Greater San Francisco's signature build event. It is a celebration of women's strength and their contributions to Habitat's mission, and a way to bring our community together to build a stronger future for Bay Area families.

In May 2022, with our new development in San Francisco in full swing, we will engage more than 150 volunteers in building homes and raising critical funds for affordable homeownership in our community.

As a sponsor, you can showcase your commitment to affordable housing and community wellbeing while leveraging Habitat's powerful brand to engage your stakeholders.

Your employees will have a unique opportunity to build a new home or improve a community garden, learn new skills, and carry a sense of lasting impact that comes from building homes and hopes with their own hands.

Join us as a sponsor today as we build each other **up**, pay it **forward**, and be strong **togetHER**!
